

The Daniel Road Project & Community Pet Center Petition

I support the following:

- ✓ **Keeping \$257,700.00** a year in Rutherford County!
- ✓ **Not** sending on average 4,293 animals out of Rutherford County and spending \$60.00 per animal to have each one transported to another county only to have them euthanized!
- ✓ **Creating jobs** in Rutherford County! and,
- ✓ Building the new **Community Pet Center** on the already purchased and funded **Daniel Road Project!**

If you agree, please tell your commissioner and demonstrate your support with your signature below.
